Hi Audrey -

Here is my bio. Please let me know if you'd like more or less of it.

When are you wanting the headshots?

Cindy

Cindy Stohn

Cindy is a proud descendant of ingenious makers and garage inventors. She has been working with textiles (and other media) since she was very small. Cindy made her first quilt when she was 15, finishing a quilt made from the scraps of her handmade baby clothes. She began sewing and quilting in a major way over 25 years ago. When she retired from corporate life in 2016 she began long-arm quilting for herself and others. Cindy has won multiple awards at local, regional and international quilt shows for both design and quilting. Her work has also appeared in several quilt magazines and publications. Cindy loves and appreciates the classic quilts from our past, however she currently finds her path leading her own work toward a more improvisational, modern and art quilt direction.

I could use the headshot and lecture description as soon as possible, please. I want to get these up on the website by next week, if possible.

Thanks!
