

Apple Photo Help for Quilt Arizona! Online Entry Form

If you will be completing your Entry Form on an Apple device (iPhone, iPad, Mac laptop, etc.) using the Safari browser ...

1. BEFORE you start working on the Entry Form, save a copy of your Entry photo directly onto the device that you will using. Save the photo to the Desktop folder, or some other location that you can easily find again.
For example, if your photo is saved on your iPhone (or iCloud) and you plan to use the Safari browser on your Mac computer, first download (“drag and drop”) a copy of the photo to your computer.
2. Then open the Quilt Arizona! Entry form in your internet browser. At the photo question, click to BROWSE your local device and find the location where you saved the Entry photo.
3. Click the green UPLOAD button, then complete the rest of the form.
