

Quilt Arizona! Entry FAQ

- **Who can enter the Quilt Arizona! quilt show? Is there an entry fee?**

All Entrants must be members of Arizona Quilters Guild, except for entrants in the Youth Category (under 18 years old). There is no fee to enter. Each Entrant is limited to three (3) entries per show, only two of which may be judged. [Click here](#) for AQG Membership information.

- **What can be entered in the Quilt Arizona! quilt show?**

Most entries must consist of three layers (top, batting, and backing) and contain quilting; exceptions are usually submitted in the Other category. Entries must not exceed 108" in width and have a hanging sleeve placed near the top edge. Framed and/or mounted quilt entries will not be accepted. Please see the Official Rules and Regulations for a full description of entry characteristics and exceptions.

- **How big should I make the hanging sleeve?**

Each entry must have a hanging sleeve. The sleeve should be 4" wide and securely fastened to the back, near the top, of each entry. Instructions for a hanging sleeve are available on the AQG website. For large entries, the top of the sleeve should be placed no more than 85" from the bottom of the quilt. For small entries (less than 40" wide), the sleeve may be sized appropriately, but should be large enough to accommodate a 2" wide wooden slat.

- **Is this a juried quilt show?**

No, entries are not juried before acceptance into this quilt show. All entries that conform to the regulations for the current show will be accepted. A photo of the quilt top is required for entry identification purposes.

- **Are all submitted entries accepted?**

Due to facility and judging constraints, only a limited number of entries can be accepted each year. Entries are accepted in the order that they are submitted. You may submit your entry before it is completely quilted and bound; your entry must be recognizable in the photo that you submit.

- **Is this a judged quilt show?**

Yes, AQG hires independent NACQJ Quilt Judges to award ribbons to the entries in the judged categories. Most ribbons are awarded to the quilt entrant. The exceptions are the ribbons in the Duet categories, which are awarded to both artists, and the Exemplary Quilting ribbons, which are awarded to the identified quilter.

- **What categories are available at a Quilt Arizona! quilt show?**

Although the available categories may vary from year to year, the entrant typically has more than 15 judged and non-judged categories from which to choose one that is appropriate for each entry. Judged categories may be either technique or design based, and may be further subdivided by size constraints (i.e. small, medium, large) and/or by the number of quilt makers (i.e. solo, duet, group). Some examples of possible categories include, but are not limited to: Pieced, Applique, Hand Quilted, Art, Pictorial, Modern, Kit, Scrap, and Theme. Please see the Official Rules and Regulations for the complete list and full description of the categories available for the current quilt show.

- **What is the Theme Category this year? How do I enter the Theme Category?**

The Theme Category for the next few Quilt Arizona! shows can be found [here](#). Theme entries can be made using any technique, but the perimeter should not exceed 450". To submit an entry into the Theme category, use the online entry form and choose *Judged Entry, Theme Category* from the drop-down menus. You will be required to write a short statement (approximately 150 words) describing how your entry interprets the theme.

- **What is the difference between the Solo, Duet, and Group categories?**

Entries in a Solo category must have been made entirely by a single person. By comparison, entries in a Duet category have been made by two people, and entries in the Group category have been made by three or more people. All artists involved in the the construction (piecing, quilting, binding) of the quilt should always be given credit on the entry form.

Some categories are designed as either Solo or Duet to allow entries made by a single person to be judged separately from entries made by two people. The Entry may be submitted by either member of a Duet. Category ribbons will be awarded to both people identified in the Duet.

- **Why do I need to identify the quilting style and the Quilter?**

Several of the Exemplary Awards are designated to honor the quilting of the entry. The available machine quilting ribbons are divided between Professional vs. Non-Professional and computer guided vs. hand guided styles. Please note that none of these quilting details are known during the judging process. Since these ribbons are awarded directly to the identified Quilter, and we ask for their contact information as we would like to invite them to the Awards Ceremony.
